

End of Summer term Newsletter

“Education is not the Learning of facts, but the training of the mind to think”. *Albert Einstein*

What a wonderful year it has been. How time flies, the 2013/2014 academic session which began on Monday 23rd September, 2013 ends today. We have had a quiet but innovative, educative and informative learning. Daniel

All the children have worked so hard and are equally promoted to the next class. I am so proud of our children; the volume and quality of work they churned out this session were commendable. They made great strides in all their curriculum areas and participated in many fun activities and projects. The gusto with which the children did their work, projects inclusive and the confidence they exuded when they shared their research findings with their classmates is an experience that will always be remembered.

We are grateful to God for the success of this session and bringing us to the end of the school year. We are equally grateful to God for enabling us obtain all our goals this session.

SUMMER!!!

Summer is here again, **no** more homework, **no** science project. Although the school year has ended, learning has not stopped and research shown that pupils tend to lose knowledge skills when they have not engaged in meaningful activities that stimulates the mind. The saying “if you don’t use it, you lose it.” is definitely true and it certainly applies here. Learning needs to be continuous.

The school is organising summer lesson that is both educative, and most certainly fun and it will commence from July 28th through August 22nd. The fee is set at (=N=15,000.00) Fifteen Thousand Naira only which excludes transport. The bus shuttle service is available for those interested and it cost (=N=5,000.00) Five thousand Naira only.

Time: - 9:00 am to 1:00 pm daily (Mon-Friday)

Cash payment should be made into the school account or brought to the school, on or before 28th July, 2014. You are free to invite someone for the summer coaching.

FEES PAYMENT

School fees are due on or before the first day of the term i.e. (on or before 15 of September). Please note that all the fees should be paid into the school account and the teller brought back to the school. It is important that we improve on our standard in order to serve you better and this will require funds to achieve this. Thank you for your understanding.

DIAMOND BANK

Account Number – 0039962893

**Account Name - SHOREFIELD MONTESSORI
NURSERY & PRIMARY SCHOOL**

EXTRA – CURRICULAR ACTIVITIES

We had a very successful year in our extra – curricular to give our pupils broader exposition, we are adding more extra-curricular activities example French club, Art club, KKB (a literacy, drama, and public speaking club) and a science club. At the end of each term, a progress report will be sent to our parents on the performance of their child/ward in each of their clubs.

We would welcome your comments or feedbacks you may have concerning the electives.

PARENTS FORUM

We need to work together and achieve the best way to improve our children’s performances, academically, socially and other skills. The School will be introducing “A time with our parents.” We hope you (our) parents will add this information to your schedule. Working together, we stand to achieve more success and build leaders for tomorrow’s future.

HEALTH AND HYGIENE MATTERS

The Ebola virus is still very much on rampage and it is ravaging countries in the West African region. All our parents and care givers of our pupils should please ensure that proper hygiene is practiced all through the holiday. The nannies and house helps should be educated on this epidemic and always re-stack your antibacterial hand sanitizer. Remember, Ebola virus has no cure and health is wealth.

SCHOOL UNIFORM

The school uniform can be purchased during the summer holidays. All the pupils are now allowed to wear “White sneakers or Canvas” to school, Multi-coloured sports canvas will not be allowed from next session.

“Do not train children to learning by force and harshness, but direct them to it by what amuses their minds so that you may be better able to discover with accuracy the peculiar bent of the genius of each.” *Plato*

Finally, we encourage parents/guardians to monitor their children closely. Do censor what they read and watch on television. Wishing everyone a wonderful summer holidays and we pray to see you all safe and well in September.

Have a fun-filled holiday.
